

# HighPoint R1608A Compatibility List

2026/4/1

This document was designed to serve as general reference for compatibility between the HighPoint R1608A and specific motherboards/SSDs described herein.

The motherboards included in this document are recommended for HighPoint R1608A x16 PCIE 5.0 configurations. Specific motherboards may have special requirements or restrictions. Please refer to the motherboard's PCIe Expansion slot settings.

**Note:** *Bifurcation is not required. HighPoint Rocket1608A NVMe Switch AICs can be used with "Non-Bifurcation" motherboards.*

## Motherboard Compatibility List

**Notes:**

The recommended PCIe slot we filled in are based on the description of the motherboard manual. For GA Server motherboards (e.g., GIGABYTE MS03-6L0), the PCIe slot must be manually configured to Gen5 x16. This slot is designed for specific SKUs and cannot be auto-configured.
