# Content

**1. Are there any known compatibility issues with this product?**

This applies to the Lenovo P620 motherboard and the following HighPoint NVMe RAID AICs:

| Supported NVMe RAID AICs | SSD7502 |
| --- | --- |
| | SSD7505 |
| | SSD7540 |
| | SSD7580A |
| | SSD7580B |
| | SSD7749M |
| | SSD7749E |
| | SSD6780A |

| Combinations | Issue |
| --- | --- |
| NVMe RAID AICs + Lenovo P620 motherboard | A Broadcom 88048 I2C access timeout error will prevent the driver from loading properly in a Windows/ Linux environment. |
