SSD6000

SSD6540/6540M	 The image shows the SSD6540/6540M RAID controller card and its corresponding enclosure. The controller card has two sets of ports labeled 'a' and 'b'. The enclosure has four ports labeled Port4, Port3, Port2, and Port1. Arrows indicate the mapping: Port4 to Channel 4 in WEBGUI, Port3 to Channel 3 in WEBGUI, Port2 to Channel 2 in WEBGUI, and Port1 to Channel 1 in WEBGUI.
SSD6780A	 The image shows the SSD6780A RAID controller card and its corresponding enclosure. The controller card has a single set of ports labeled 'a' and 'b'. The enclosure has eight ports labeled 1 through 8.
SSD6444A	 The image shows the SSD6444A RAID controller card and its corresponding enclosure. The controller card has two sets of ports labeled 'a' and 'b'. The enclosure has four ports labeled 1 through 4.

Rocket 7634D

RocketStor 6000

RS6542AW	 The diagram shows the RS6542AW RAID controller card and its corresponding RocketStor 6542A enclosure. The controller card is a PCIe card with a fan and a cable connected to the enclosure. The enclosure is a black unit with eight drive bays, numbered 1 through 8 in green. The front panel of the enclosure features a status indicator and the HighPoint logo.
RA6542AWW-S491T5-12	 The diagram shows the RA6542AWW-S491T5-12 RAID controller card and its corresponding RocketStor 6542A enclosure. The controller card is a PCIe card with a fan and a cable connected to the enclosure. The enclosure is a black unit with eight drive bays, numbered 1 through 8 in green. The front panel of the enclosure features a status indicator and the HighPoint logo.
RS6541AW	 The diagram shows the RS6541AW RAID controller card and its corresponding RocketStor 3541A enclosure. The controller card is a PCIe card with a fan and a cable connected to the enclosure. The enclosure is a black unit with four drive bays, numbered 1 through 4 in green. The front panel of the enclosure features a status indicator and the HighPoint logo.
